Daleville Christian Church Day Care Center

DCC don't usually do a "shout out" for the Day Care Center. For years the Day Care Center was at capacity. Why blow the horn if there was no room? Well, there are still reasons to celebrate (and now there is some space available).

Daleville Christian Church started the DCC Day Care Center in 1968. It was licensed in 1971, Mrs. Sells became Director in 1972. Many staff have served many years (that is rare in the industry). Mrs. Sells is still the Director. At the 46th annual graduation ceremony last May 28th, Pastor McManus asked if there were any parents who had been Day Care graduates and five hands went up. Yes, the Day Care Center has been that good that long. Parents want their children to have the same experience that they had. The founders of the Day Care Center still live in Daleville area. Daleville Christian Church still maintains the Board / committee that oversees the facility and staff. One of the founders has had great-grandchildren graduate from the Day Care Center. Amazing? Yes. Blessed? Amen.
