

History Notes and a Great One!

April 6, 2016 marks the 20th Anniversary of the Family Room. April 6, 1996 was Easter Sunday. Construction of the Family Room had started in June 1995. Finished in 1996, the Easter Sunday breakfast was the first official use of the Family Room for DCC. Chuck Gleason oversaw the project and all agree that he did a superb job. Think of all the uses that room has had in the past 20 years! PTL!
