From Elder Pat Schlegel: Leadership Tips

A little over a week ago on Probe Ministries 9:30 five minute radio spot Kerbie Anderson revealed the findings of a recent survey of churches in the United States. The results of the survey reveal that 70% of the congregation of any given church in America gives between 0 and \$25 to the church's ministry. With that I found myself asking why 70%? Is it because the American Christian wants Jesus Christ to be their Savior and Miracle Blessor, but not the Lord of their life? I repeat in saying as I did two weeks ago, I realize that the majority of this congregation is living on fixed income. But at the same time if you fall in the 70% I encourage you to join me in a faith based challenge.

If you are at the low end of the 70 percentile and you increase your giving just one dollar a week that amounts to

an increase in giving of \$52 a year. But it also get you out of the 70% givers. An increase of \$5 a week amounts to an increase in annual giving to the sum of \$260. At this moment I am not necessarily talking about budget. I am talking mustard seed faith.

If you find some week you are tempted to hold back on your giving because you have too much month at the end of your money, give \$2. That way you will resist the temptation to withhold from the Lord. In so you will prove to yourself and God that you want Jesus Christ as Savior and Lord of your life.

This week think and pray on this challenge and if God so moves you, act on it. Let us pray.
